The Home Energy Assistance Program (HEAP) is designed to help eligible low-income Ohioans meet the high costs of home heating. HEAP pays a one-time payment for most PUCO-regulated utility customers reflecting their usage for the current winter heating season. Vouchers are issued to non-regulated utility customers, mastered-metered and other applicants who do not have a utility bill in their name. Households with elderly or disabled members may qualify for a larger amount of assistance, paid for with a combination of federal and state funds.

The Home Energy Assistance Program (HEAP) is a federally-funded program administered by the Ohio Development Services Agency, Office of Community Assistance (OCA).

- **Appropriate Referrals to HEAP:** Low income, elderly or persons with disabilities, who receive a disconnect notice from their heating utility

- **Eligibility Requirements:** Proof of income; Social Security Cards, disconnect notice.
