Success Story Spotlight

“Hi, I’m Dylan Cunningham, a graduate of Youngstown State University and proud member of the CCMEP program for the past 6 years. I joined during a tough time in my life, and it quickly became a vital support system.

With encouragement from my case manager, Kelcea, I learned that seeking help is a strength. The CCMEP team welcomed my family and me with open arms and supported us every step of the way.

The program helped cover costs like materials and testing fees, allowing me to focus on my education and goals. I’m incredibly grateful and highly recommend CCMEP to anyone needing support.

I’m now working to join the Carpenter Union in Youngstown, Ohio, and excited for what’s ahead.

Special thanks to the Jefferson County Community Action Council and the amazing staff who make this program possible.”
