Electric Partnership Program

The Electric Partnership Program (EPP) is designed to improve the electric efficiency of low-income households who participate in or are eligible for the Percentage of Income Payment Plan Plus (PIPP Plus). The program performs in-home audits and installs appropriate electric energy efficiency measures. EPP also provides customers with information on how they can reduce the amount of electricity they use and improve their home's efficiency.

Energy Auditor

James Fuit

The CAC is Continuing A Commitment to restore and revitalize the quality of life in Jefferson County, and move the residents towards self-sufficiency. We achieve this goal by adapting and providing programs that are accessible, affordable, and culturally-sensitive to meet the needs of the community
