**HAPPY
BIRTHDAY!**

Kiya Bates– June 6

Terry Hennen– June 14

The CAC received a generous \$7,500 donation from Helping Hand Foundation. This donation will help contribute to our mission in serving our community, and we sincerely appreciate Helping Hand Foundation for their support!

Customer Success Story

Feedback from an RESEA Client about Megan Hoberek:

"Your generosity with information and knowledge could only come from someone who takes their job seriously and cares about other's livelihoods. As far as I'm concerned you should be teaching this to anyone who can't be personable to another human being.

I told her I just found out I'm going to be a dad at 52 and she then doubled down on her wanting to help me be and do my best. Thank you for being an exceptional human being!!!"

Way to go, Megan!

Electric Partnership Plan

The Electric Partnership Program (EPP) is designed to improve the electric efficiency of low-income households who participate in or are eligible for the Percentage of Income Payment Plan Plus (PIPP Plus). The program performs in-home audits and installs appropriate electric energy efficiency measures. EPP also provides customers with information on how they can reduce the amount of electricity they use and improve their home's efficiency.
