ODOD AUDIT

We are thrilled to announce that our recent financial compliance audit with the Ohio Department of Development has concluded with no findings! This achievement reflects our commitment to maintaining the highest standards of integrity, transparency, and excellence in all our program operations. A huge thank you to our staff, and notably CFO Tammie Lewis and the fiscal department for making this possible.

thank you

Home Weatherization Assistance Program (HWAP)

The busy crew that operates this program works year round to make the homes of income eligible participants more energy efficient. Towards that end, they insulate attics, blow cellulose into side walls, and take any other practical measures to minimize or stop cold air infiltration. Furnaces are checked and repaired or replaced under this program, as well.

Eligibility is determined by ranking on a point system, and can be awarded to either home owners or tenants. Priority is extended to low-income, elderly, and citizens with disabilities.

The CAC is Continuing A Commitment to restore and revitalize the quality of life in Jefferson County, and move the residents towards self-sufficiency. We achieve this goal by adapting and providing programs that are accessible, affordable, and culturally-sensitive to meet the needs of the community
