We couldn't ask for a better team

Recently the Agency decided to track customer satisfaction to help us to better serve our clients and improve where they felt necessary. Customer satisfaction surveys are distributed to clients in all departments.

Some feedback we received:

James (EPP Energy Auditor), I just wanted to thank you very much for helping me and assisting in getting my refrigerator. You do not know how much that meant to me. I just want to thank you from the bottom of my heart, and I hope you have a good day.

Tabitha (Emergency Services) is very nice and helpful.

She's amazing! We appreciate her so much!

Pauline (HEAP) is great. She goes out of her way to help people.

CAC did well. Mary G (Emergency Services) did an amazing job. She was so nice & polite and still saw me when I had written my appointment time wrong. I think the help and people at CAC is amazing for people in our area.

You guys are a blessing helping many people in the community in many different aspects.

Staff is very kind and considerate.

HWAP Crew is on a Roll!

Monthly Program Highlight

Our Home Weatherization Assistance Program (HWAP) is on a roll. The agency recently purchased two new vehicles for our crews to use on the job. (HWAP) provides eligible Ohioans with assistance to improve the energy efficiency of their homes and reduce their energy costs. Ohioans participating in the HWAP will receive a home inspection to identify the services necessary to improve their homes energy efficiency. The HWAP Crew works year-round. They insulated attics, blow cellulose into sidewalls, and caulk windows and doors. Rain or shine you can catch our crew going the extra mile to get the job done!

To get in touch with our HWAP department you can call 740-282-0971 ext. 140 to speak with officer manager Trudy Lash.
