HWAP Spotlight

CEO Rich Gualtiere and Deputy Director Hannah Titi recently explored the Weatherization world, gaining valuable insight into the operations of the program. At the worksite, they observed James Fuitt, Mike Briggs, and Tod Miller in action, showcasing their expertise and dedication. They also had the opportunity to watch the installation of vents and the essential prep work before insulation was blown in.

A huge thank you and congratulations to the HWAP crews for their outstanding work this year!

Happy Birthday!

Mekayla Breland - Dec. 2nd
Kelcea Danielson - Dec. 11th
Golden Dawson - Dec. 13th
Danette Johnson - Dec. 17th

Housing

Supportive Housing services feature intensive case management by professional staff. They assist homeless individuals and families with rental assistance; deposits for security and utilities; emergency supplies of food, clothing, furniture, appliances, and other housing start-up items. Other benefits include outpatient health services, limited transportation, and childcare.

The case managers make up the SSAT (Self-Sufficiency Assurance Team.) The team receives referrals from many sources, most of whom have long been partners in the local Coalition for the Homeless.

Participants in the program are expected to maintain enrollment in all recommended supportive services and vocational/educational programs. Close monitoring by the case managers will ensure compliance.

Appropriate Referrals to Supportive Housing:

Low income, homeless individuals or families, including those with disabilities

Eligibility Requirements:

Proof of income and homelessness; ability to live alone with supportive services.
